

Class Schedule Summer/Fall 2020

Welcome!

Access Sacramento workshops have been very successful with a high degree of volunteer satisfaction. Workshop costs vary based on course length, content and advanced instruction. Instructors range from a unique faculty or working professionals. Our workshops are designed to familiarize you with Access Sacramento's facilities and equipment. The main goal is to teach you how to produce programming for cablecast on Channels 17 and 18 and our radio station KUBU-LP 96.5 FM, The Voice of Sacramento. You must be a member to take these workshops, with the exception of the Orientation which is a free mandatory class to help you get started. The Orientation Class is held every second Tuesday and fourth Wednesday of the month from 6:00-7:30 pm. Please call to reserve a spot 916-456-8600 x 0

At the Orientation you will learn about Access Sacramento and what we have available to our members. We will also discuss our rules and regulations as they relate to you and your projects. Bring your questions. The Orientation also includes a tour. You can return to sign up for membership and classes during normal business hours M-F 9am-6pm.

Challenging a workshop – If you have previous experience, training in TV or radio production, you may bypass the basic workshops and proceed directly to Certification in the area of your experience. To do so, you must be able to document your experience with either college transcripts or letters from your previous/current employers or access stations (on the Organization Letterhead). You will then need to make an appointment with the Instructor of that class to complete certification with a hands-on equipment demonstration in order to bypass the workshop. Call 916-456-8600 x120 M-Thu. 12-9pm.

Basics of Digital Camera/Editing – \$80 Class - 8 Classes – 3 Hours Weekly

Want to learn how to record and edit stories on location throughout Sacramento County? This workshop teaches you how to shoot high definition video with quality audio and then computer edit final television programs together using Apple's Final Cut Pro software. The first four sessions focus on the use of the camera, the second four sessions focus on how to edit. Once completed, you may be certified to check-out/reserve our cameras and editing workstations. The camera classes include location lighting, professional video/audio recording techniques and safe use of the cameras to capture quality video. We complete the final four sessions by learning the steps required for non-linear video editing. Here we address media clip organization, editing techniques, reviewing and selecting footage, digital media (CD music, voiceovers, digital image files, etc.), and copyright information along with burning the final production. *Maximum 6*

Start Date	End Date	Day	Time	Pre-requisite
May 12	June 30	Tuesday	6pm-9pm	Orientation
June 17	August 5	Wednesday	6pm-9pm	Orientation
